

**PLAQUES AND MARKERS
FOR NATIONAL REGISTER PROPERTIES**

Neither the National Park Service nor the North Carolina Historic Preservation Office promotes, requires, or recommends any particular type of marker or plaque to recognize National Register properties, nor are there any requirements regarding inscriptions for such plaques. Owners of National Register properties may purchase, at their own expense, a marker or plaque from one of several manufacturers. Many of the following manufacturers are listed in [The Old House Journal Catalog](#) as suppliers of custom and generic markers for National Register properties. Owners may contact these companies directly for product information. **We are not endorsing, authorizing, recommending, or implying any connection to any one company over another, including any company not listed here.**

For additional information, see the National Park Service webpage [Frequently Asked Questions](#) (FAQs) and go to the dropdown, "How do I get a plaque?"
